Inwood – 1825 Riverside Drive, Apt. 6B

\$825,000

Truly a rare opportunity to own a huge (1850 sqft) 4 Bedroom/2 Full Bath Home in one of Inwood's best prewar coop buildings overlooking Fort Tryon Park: 1825 Riverside Drive.

It's a classic seven home with classic details of an old world charm and grandeur. This home has tremendous space and features a center hall foyer with two long galleries, a formal dining room, living room, huge separate kitchen, 4 bedrooms and 2 full baths, and all this with a dramatic view of the parks and three different exposures (East, West, North) flooded with natural light.

Situated on the edge of Fort Tryon Park, this terrific property is steps away from the Subway and nearby playgrounds, dog walks, shops, restaurants, schools and infamous Cloister Museum. The neighborhood bustles with new growth. There is only a handful of properties with this amount of space at an affordable price so this won't last long.
